VIII. Changes in the operations of the investment fund manager and major factors affecting developments in the investment policy

The following major changes took place with regard to the operations of the Fund Manager

Aegon N.V. In November 2020, Vienna Insurance Group AG agreed with Wiener Versicherung Gruppe (VIG) to sell its insurance, pension savings and fund management businesses in Hungary, Poland, Romania and Turkey. The Contracting Parties have initiated the acquisition of the necessary official permits in each of the countries concerned in accordance with the relevant legal provisions.

In April 2021, the Hungarian Ministry of the Interior vetoed the planned transaction, due to which VIG initiated negotiations with the Hungarian Ministry of Finance. As a result of the negotiations, the parties signed an agreement in February 2022, on the basis of which Corvinus Befektetési Zrt., Representing the Hungarian side, will acquire a 45% minority stake in Aegon Biztosító and Union Biztosító under the 55% controlling influence of VIG. The transaction was completed in two stages: on March 23, 2022, VIG acquired Aegon Insurance together with its Hungarian subsidiaries from the Aegon Group, and on March 25, 2022, VIG sold a 45% stake in Aegon and Union Insurers to Magyar For the state. As a result, Aegon Magyarország Befektetési Alapkezelő Zrt. Indirectly became 55% VIG and 45% Hungarian state-owned.

Effects of Covid-19

At the end of 2019, the first news about Covid-19 (Coronavirus) released in China was published. In the first few months of 2020, the virus will spread globally and feel its effects on both society and the economy in several waves. Although a small number of vaccines appeared and became available at the end of 2020, the mass spread of vaccines took place in 2021. Given that vaccination is on the rise worldwide and that drugs are already appearing on the market in addition to vaccines, we expect that any Covid mutants that may emerge in the coming years will have no significant impact on money and capital market movements - hence the Fund's operations. as in the early years of the epidemic.

The effects of the Ukrainian crisis on the Fund Manager

Due to the increasing Russian-Ukrainian political tension, the Fund manager's risk management department has been conducting enhanced monitoring since the end of January 2022 to monitor relevant exposures and prepare the necessary decisions. The investment department closely monitored geopolitical developments and assessed possible scenarios. The extremely negative scenario was considered by our investment department to be one of the low-probability scenarios.

On February 24, 2022, the conflict escalated into a war, so based on the Liquidity Policy, the Chief Risk Officer convened the Liquidity Committee, which meets several times a day if necessary, analyzes the situation and performs decision-making tasks. Our funds that directly or indirectly contained a significant amount of assets issued in Russia or Ukraine were in the focus.

The Fund shall take the necessary measures without delay in accordance with the legal provisions, taking into account the interests of investors. Pursuant to the decision taken under this measure, on 24 February 2022 it decided to temporarily suspend the continuous marketing of the following 5 investment funds:

Aegon Russia Equity Investment Fund
Aegon Emerging Europe Bond Investment Fund
Aegon Premium Dynamic Funds Sub-Fund
Aegon Premium Expert Fund of Funds Sub-Fund
Aegon Tempo Maxx Funds Sub-Fund

With the exception of the Aegon Russia Equity Fund, the continuing trading of the suspended funds resumed on March 1, 2022 and has been ongoing ever since. In the case of the Aegon Russia Equity Investment Fund, at the request of the Fund Manager, the Hungarian National Bank, as the Supervisor, extended the suspension until the date of termination of the reasons for the suspension, but not later than March 25, 2023.

Nevertheless, the direct assets managed by the Fund Manager has little Russian or Ukrainian exposure overall, but the indirect negative impact of the conflict has been significant in regions and markets that have traditionally been significant in the investment mix of the portfolios managed. Effective management of the latter situation is currently the strategic focus of the investment department.

Changes in the documents of the Fund

In March 2021, the Publication Regulations [Regulation 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability disclosures in the financial services sector] and the Taxonomy Regulation [European Parliament and Council 2020/852] were incorporated into the Fund's official documents. Regulation establishing a framework for the promotion of sustainable investment and amending 2019/2088 (18 June 2020)].

In September 2021, while maintaining the investment objective of the Fund, the Fund Manager launched new foreign currency hedged series. In addition, the English name of the Fund has been changed to Aegon BondMaxx Absolute Return Bond Investment Fund. The maximum audit fee has been set.

In line with its investment policy during the year, the fund typically invested in emerging market government and corporate securities, taking advantage of its broad opportunities within the bond class.
